Members of the Jury:

You have asked the following question:

Can we see the Scientific report that determined 0.05PPB
is determined?

Answer:

The findings of the Science Panel (0.05ppb ingested for more than one year) are not in dispute and consequently the report issued has not been admitted into evidence. Therefore, I am unable to grant your request.

Very truly yours,

EDMUND A. SARGUS, JR.
United States District Judge
